

FIRST CALL

European Entrepreneurship as an Engine for Post-Crisis Development – Challenges and Opportunities

International Conference

to be held on
8-10 September 2010
Borovets, Bulgaria

Mission of the Conference

The Conference's mission is to bring together leading European and world 'players' in the field of entrepreneurship to discuss and share their results and opinions in the context of a United Europe: the place and the role of the European entrepreneurship in crisis and post-crisis development.

Objectives

- To discuss the strengths and the weaknesses of European entrepreneurship in the context of globalisation, knowledge-based economies and multicultural business environment;
- To analyse the role and behaviour of European entrepreneurship in the crisis and in post-crisis development;
- To present recent entrepreneurship research and developments in entrepreneurship training in a united Europe;
- To discuss current and potential projects and develop networks between researchers and teachers, consultants, entrepreneurs and policy makers from Europe and the other regions of the world;
- To observe how European entrepreneurship could contribute to the success of a new European strategy for development until 2020.

- *Management of High-tech Ventures*
- *SMEs in Global and Multicultural Environment*

A round table on post crisis development for entrepreneurs will be organized. We expect to organize also a round table on post-crisis entrepreneurial behaviour of private European universities.

Main Organising Bodies

Bulgarian Association for Management Development and Entrepreneurship (BAMDE)

BAMDE is a leading organisation in the field of management and entrepreneurship training and development in Bulgaria. BAMDE brings together the most renowned Bulgarian universities, research and training institutions, promotes and safeguards the quality of trainers and training programmes and acts as a national platform for professional management and entrepreneurship development in Bulgaria in relation to international standards and best practice. BAMDE is a holder of best practice in entrepreneurship training recognized by EFMD.

Institute for Entrepreneurship Development (IED) at the University of National and World Economy (UNWE)

The IED is a pioneer in education, consulting and research in the field of entrepreneurship and SMEs in Bulgaria. IED results are used directly in the teaching and training process.

The IED is focusing its work on supporting entrepreneurship activity in all of its dimensions – from the idea to start a small business, the management and development of small and medium-sized enterprises, to establishing corporate entrepreneurship in the large-scale, reviving organisations.

The IED is striving through its activities to develop as a leading training institution, contributing to the development of the entrepreneurial potential of Bulgaria and to the creation of a new entrepreneurial culture – the driving force in competitive market economy.
